Leslie, I spoke with Paul Baker on Nov. 2, over the phone and requested a time extension for the N. Grantsville and Morgan Quarries updated surety calculations. I had been out of the country for three weeks in October so the multiple requests at the same time has kind of swamped me. He said just turn them all in at the same time the Corinne Quarry calculations are due on the 23rd of November. So that is the plan. I thought we had an email to that effect but I guess it was all verbal. Thanks, Brent Sumsion

I had the e mail where I approved the extension to November 16, and that's what I was going from. The 23rd is fine. I'll change the database.
